

Simulation Group plans  
Tech Board Meeting  
8 September 2004

Neutrino Factory

- 1) study 2b  
    emphasis: acceleration and storage ring
- 2) draft material for PRSTAB paper
- 3) feasibility of no cooling (MUTAC)

FFAG

workshops (Oct. 2004, 2005)  
electron model design

Muon collider

workshops (Dec. 2004, 2005, Fairmont 2005?)

Ionization cooling demonstration

small dipole rings  
workshops (Sep. 2004, 2005)

Maintain close contact with Muons Inc

Simulation Group budget  
Tech Board Meeting  
8 September 2004

	K\$
1. simulation postdoc	60
2. travel budget	10
3. YT	75
4. RG?	50
